Honorable Andrew T. Baxter
U.S. Magistrate Judge
Federal Building and U.S. Courthouse P.O. Box 7396
Syracuse, New York 13261-7396

Re: Acosta v. Liberty Gas Station and Convenience Store, LLC et al. (5:17-cv-00561-BKS-ATB)

Dear Honorable Judge Baxter:

On behalf of my client, and as empowered by my duty of zealous representation, ethical duties, the U.S. Constitution, including without limitation, the 1st, 4th, 5th and 6th Amendments, we request that the Court use its inherent authority *sua sponte* to either dismiss this matter with prejudice or give us a jury trial.

My client wanted me to express his gratitude to you, your Honor, and your chambers. No one has been so amazing and fairer to my client than the Court has been. Please your Honor, enough is enough. We are done letting the Plaintiff waste the Court's time. On the record, **Huseyin Turan** is **an honorable and great human being**. As a man of honor, he wants a jury trial to defend his honor. No amount of money in the world will replace a person's dignity and honor. I am a legal executioner for my client and have been directed to execute and bring down the law like **Thor's hammer** against the Plaintiff. **I am bound by my duty to my client.**

I am willing to waive everything and give Amy and Alex whatever they want such as stipulations, inferences and etc., within reason, including **letting them pick every juror**. Anything that they need us to waive or sign to get our trial, we are prepared. We request a trial as soon as possible. I also agree to do everything off top of my head with no notes. Me an Huseyin are going to show the Department of Labor that justice still exists in the United States.

I am not scared to talk like this because there is someone higher than the Plaintiff, thank God we have President Donald J. Trump. President Trump is a leader **for the people**, and my client and I our confident in our President, who is fighting for people like us. He inspires us to fight back. We love our President and call on his assistance, and **I will defend my right under the Constitution to say on the record that President Trump is doing an amazing job for our country**, which can be admitted in this Court under Federal Rule of Evidence 201, if Plaintiff does not object.
